

INSTRUCTIONS FOR USE

APPLY CUTTING BOARD TO BASE

STEP 1. PLACE BASE ON A SECURE SURFACE

Place base on a secure work surface with the four rubber feet contacting the surface as shown.

STEP 2. ATTACH CUTTING BOARD TO BASE

With two hands as shown, lower the KLEEN BOARDS logo side of the cutting board onto the base.

STEP 3. SNAP CUTTING BOARD INTO PLACE

Lower the opposite end of the cutting board down to the base and push down on the “lift” icon until you hear it snap into place and locks onto the base for a secure work surface.

REMOVE CUTTING BOARD FROM BASE

4. REMOVAL

Place thumb on “lift” icon (opposite side of KLEEN BOARDS logo) and your four fingers under the gutter. Now pull gutter out and up to disengage cutting board from base and remove.

You can also visit www.kleenboards.com to view our instructional video.

Always clean and sanitize cutting boards to your local food safety authorities' requirements.
